## Bump Into This

Deciding what to do for New Year's Eve is an annual dilemma. Big night out? Quiet night in? The former presents the issue of what to wear. Multiply that times ten if you've got a belly to dress.

But we recently stumbled across Bump, a totally chic maternity store tucked away in a corner of the Park Slope/Prospect Heights area. Looking no further for festive mom-to-be fashion. It's obvious that the owners are moms themselves – the store mixes wearable and special occasion-worthy separates, lingerie and accessories like diaper bags and skin care. The boutique's contemporary vibe – exposed brick walls, soft lighting and (gasp!) chairs for pregnant women to actually sit in – make the shopping experience ever the more enjoyable. It's worth a trip even if you're not within walking distance.

Or waddling distance.

Open Tue. – Sat. 11am-7pm, Sun. 12-6pm. 464 Bergen St., Brooklyn, 718-638-1960, [bumpbrooklyn.com](http://bumpbrooklyn.com).

**Being tough is in style. And that makes the G'zOne Type-S phone totally fashionable.**

The G'zOne Type-S phone withstands water, shock, heat and even kids. And still looks good doing it. Who knew durable and water resistant were in vogue? *Indestructible is the new black.*
